

Physical Therapists Launch Campaign for WHS Training Equipment

Wasatch County Hospital's physical therapists are offering gold banners with black "W's" to people who contribute \$25 or more toward equipment for the Wasatch County High School sports equipment. Those who contribute \$100 or more will, in addition, be enrolled in the Wasatch-100 Club and have their

names or businesses inscribed on a plaque which will be displayed in the school gym.

Physical therapists Rolayne Mattson and Alan Bluthe, also a member of the WHS booster's club, work with the high school athletes and are chairmen of the drive. Ms. Mattson designed and is making the

banners.

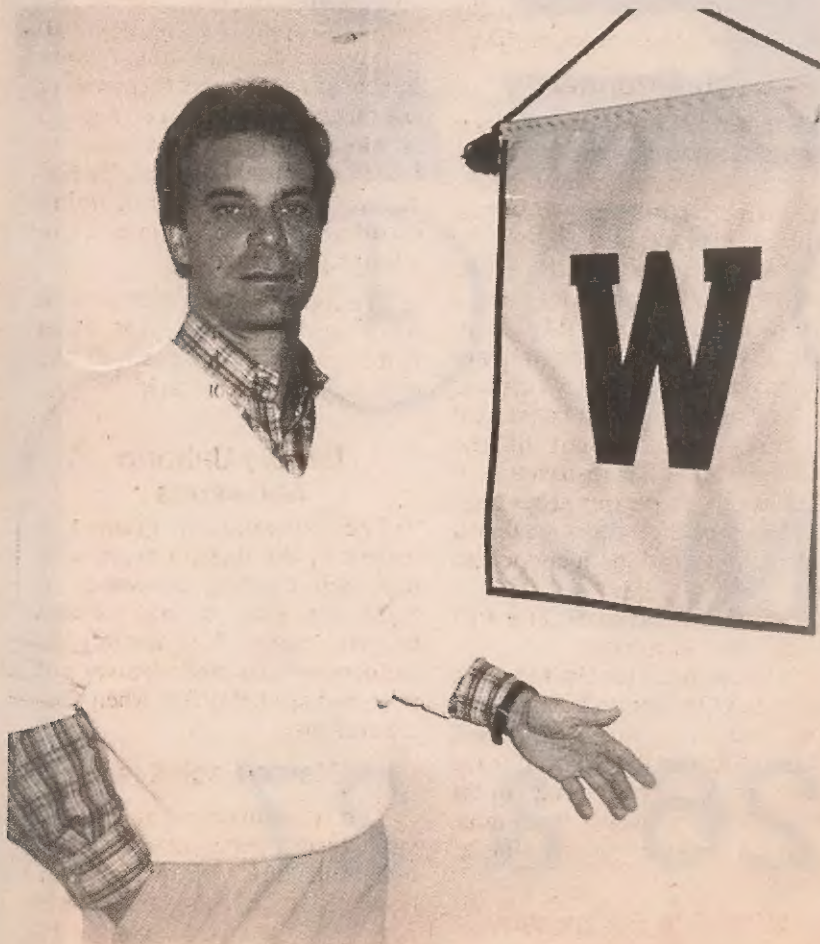

Mr. Bluthe said the high school has a fairly good weight room and program but that it must be improved and expanded in order for the athletes to be able to compete with other schools, some of which have outstanding training facilities.

One of their goals is to purchase a 15-station Nautilus weight-training circuit. A used one is available for \$25,000. He said if anyone wants to purchase one piece of the equipment, a plaque with their name as the donor will be put on the piece. To justify such expensive equipment and help repay the cost, he said he hopes to make it available for public use for a reasonable fee.

They also plan to contribute funds toward a new scoreboard and fence for the baseball field, he said. High school shop classes have already begun to build the framework for the fence, which will be portable so the field can be used for other sports besides baseball.

In her search for the right material in the right color for the banners, Ms. Mattson, a skydiver, discovered that parachute packing material was perfect for the background. Business people may hang them in their windows to show their support for the high school athletes. They will also make attractive keepsake wall hangings for students. Ms. Mattson plans to make a large one to hang in the high school gym.

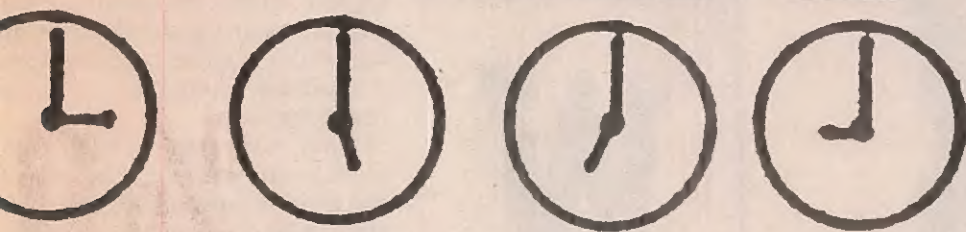

Anyone who would like to contribute to the fund, obtain a banner or join the Wasatch-100 Club, may call Rolayne Mattson in the physical therapy department at the hospital, 654-2500.

A gold and black banner is being offered for donations of \$25 or more toward WHS athletic equipment. Alan Bluthe, a physical therapist who works with the athletes and a member of the WHS Boosters Club, is co-chairman of the fundraiser.

THE CLOCK LE!

DAYS ONLY

FEB. 26 & 27

9 a.m.- 6 p.m.

Facts You Should Know

1. No law requires you to get more than one estimate.
2. You are not obligated to use any particular shop to obtain repairs. You choose the shop and authorize the repairs.
3. You do not have to accept the Insurance Company's appraisal of damage. Check the "Appraisal Clause" in your policy on how to resolve any differences.
4. You are responsible for the cost of repairs. Financial arrangements must be completed before the car can be released.
5. There is a big difference between shops. Any Shop can give a lower price by leaving something out or overlooking parts. Our people are "Craftsmen" and will do a good job of restoring your car at a fair price.

Thanks . . . for
letting us serve you!
